CONTINUING EDUCATION

Course Proposal Guidelines

The mission of Continuing Education at NESA includes offering the highest quality advanced studies in acupuncture and oriental medicine, as well as distinct and valuable learning experiences for the healing community at large.

DO YOU HAVE SKILLS OR KNOWLEDGE THAT WOULD SUPPORT OUR MISSION?

To have your seminar considered for our program, please submit the following information:

- Class title and description (150 to 400 words)
- Class objectives
- Instructor *curriculum vitae*, including professional qualifications, publications, and previous presentations
- Structure of class (how many days/hours? What parts are lecture, demonstration, case studies, practice, discussion? How much will you include herbs, if at all?)
- Target audience (is it open to acupuncture students? Non-acupuncturists? Practitioners with a certain amount of experience?)
- Where else have you offered this class? Has it been approved for Continuing Acupuncture Education Units in another state?
- Your contact information (email is helpful)
